- Access to indoor and outdoor mineral pools, saunas, and steam rooms
- Ferry journey across the Marmara Sea with relaxing views

## 00000

The Yalova Thermal Spa Tour from Istanbul is a full-day relaxing experience designed for guests who want to unwind and recharge outside the city. Located on the coast of the Marmara Sea, Yalova is well known for its natural thermal springs, used for both bathing and drinking.

Your journey begins with a hotel pick-up followed by a ferry ride across the Marmara Sea, offering a calm and scenic start to the day. This sea crossing provides a refreshing break from the busy atmosphere of Istanbul.

Upon arrival in Yalova, you will visit a thermal spa complex where you can enjoy a variety of facilities, including indoor and outdoor mineral water pools, saunas, and steam baths. The thermal waters are widely appreciated for their relaxing and soothing properties, making this experience ideal for both rest and wellness.

During your visit, you will also have the opportunity to taste mineral water from different natural sources and spend time in the peaceful surroundings of the resort.

The program includes lunch at a local restaurant, allowing you to enjoy a comfortable break during the day. After lunch, you can take a walk through Yalova's scenic gardens and enjoy the natural environment.

At the end of the tour, you will return to Istanbul. If you prefer, it is also possible to stay longer at the resort, provided that this is arranged in advance.
